17-60040	Kask Zenith - ARC

FEATURES:

When harsh sun conditions are in the forecast, HexShade® UV by SnapBrim™ has you covered. Designed with the construction worker in mind, this lightweight, easy-to-use hard hat accessory extends superior shade protection by up to three inches to help protect areas on wearers' faces where there's high sun exposure on the job. Complete with a removable neck shade for extra back-of-neck protection, HexShade® UV's firm, weather-resistant shade brim easily snaps right on to the hard hat for fast, secure, and easy-to-use utility – helping workers achieve better productivity and safety on the job.

ARC TESTED to: ASTM F2178 33 cal/cm²

NO MELT, NO DRIP, NO IGNITION between 27.7 cal/cm² and 44 cal/cm²
